

Camden Speedway Transponder Instructions

Transponder Mounting Instructions & Rules:

The transponder should be mounted using a pouch (pouch available for purchase at track \$25). MOUNT THE TRANSPONDER HORIZONTALLY with the SILVER Westhold label readable and facing the track (dirt).

Mounting the transponder vertically will result in poor performance. There should be NO metal or carbon fiber between the transponder and the track. The transponder must have a clear shot to the ground. Signals can go through plastic, so it is possible to use a piece of plastic as a mounting plate.

Transponder must be mounted in location designated (approved) by Camden Speedway tech officials. Any mounting location not approved will result in DQ with the loss of all points, awards & money for the event.

Transponders will be available to rent each race night for \$10 at the track. Racers that have purchased their own from Westhold (www.westhold.com) will be charged \$5 scoring fee. **A transponder can only be used on one car per night.**

NOTE: BE SURE TO SECURELY FASTEN THE TRANSPONDER TO THE VEHICLE RIGHT REAR AXLE. UNSECURED TRANSPONDERS MAY BE NON OPERATIONAL OR LOST. YOU WILL BE CHARGED \$200 IF A RENTED TRANSPONDER IS LOST OR DAMAGED

Transponder weekly rental is \$10.

If you own your own transponder the admin (SCORING FEE) is \$5 weekly.

Transponder pouches may be purchased at the track if you need one for \$25.

ADJUSTMENTS, ADDITIONS OR DELETIONS to the rules will be at the discretion of the Camden Speedway officials. In the event that a dispute between driver(s) and track officials or other(s) exists, the decision of the track officials will be final. All cars must follow the General Rules. *If it is not covered in the rules, it will be determined by the track officials & their decision will be final.*
